# Correction to: Southernmost record of the Giant Manta Ray *Mobula birostris* (Walbaum, 1792) in the Eastern Pacific

Bernabé Moreno<sup>1,2</sup>  and Adriana Gonzalez-Pestana<sup>1,3,4\*</sup>

## Correction to: *Marine Biodiversity Records* (2017) 10:27 DOI: 10.1186/s41200-017-0130-1

In the original version of this article (Moreno & Gonzalez-Pestana, 2017), published on 9 November 2017, the first sentence of the 'Conclusions' contains an error: the species "*M. alfredi*" has been wrongfully mentioned. The original publication of this article has been corrected.

- The sentence originally read:  
"This sighting represents the southernmost record of *M. birostris* and *M. alfredi* in the southeastern Pacific (12°S)."
- The sentence now reads:  
"This sighting represents the southernmost record of *M. birostris* in the southeastern Pacific (12°S)."
